

## Testimony of Milène - 5 Juin 2017

Good evening brothers and Sisters in Christ,

I am Milène, the one who was baptised yesterday in your pool, and I wanted to share with you the transfiguration that Jésus operated in me.

This morning, I did not recognise myself in the mirror. In fact, the vidéo reveals the corpse... I was in the valley of death, and already, just after the immersion I resume colours, and showing the vidéo to my Christian friends today, we noticed that it was no longer the same person. JÉSUS gave me life again, so much so that the Milène of yesterday no longer resembles at all the new Milène.

The one on the vidéo is foreign, because now my face is resplendent in the glory of God. I'm alive, I'm alive, I'm ALIVE !!!!

Thank you Lord, thank you all, and Lindy, for bringing me Jésus where I was; and thanks Google translate, because without Google translate this mail would be in French. LOL.

Paul, Ann, Lindy and all those who become God's instrument to heal in the name of Jésus, be blessed in the ardent heart of Father, Son, and Holy Spirit.

Milène Brousse
