

Greetings to all our Agapé friends,

Although the persistent wind & heavy rain kept our numbers down today, you would not have known it from the vibrant sound of our prayers & worship as they reached up to heaven. And our opening song reverberated across the valley.

Paul then summarised the increasing level of prophecies we've heard over France, which provided the context for what God has in mind for Agapé. Many heard the recent stream of very specific prophetic words brought by Robert King about Agapé, and you can also listen to some of those prophetic words by clicking on the following link: [audio file](#)

We were totally humbled and in awe of God's intentions for Agapé, but also delighted & exhilarated by the prospect of what God has in-store for the coming year,

It was amazing how all the prophetic words, when presented together, all dove-tailed beautifully together. For our God is an awesome God!
